

Corporate websites, built properly *and launched safely*.

From a bespoke new build to modernising an existing WordPress site, Acqua delivers websites that **look the part, work on every device** and meet today's compliance requirements, **without putting your live site at risk**.

01

New Website

A new corporate site designed around your brand, services and customers. Bespoke builds, or WordPress where your team needs to edit content.

02

Rebuild and Redesign

Modernise an existing site, including WordPress and Bricks Builder, with consistent styling, refreshed content and full compliance.

03

Updates and Support

Ongoing content changes, new pages and improvements once you are live, from the team that knows your site.

WHAT IS INCLUDED

Design and Consistency

One visual system across every page, reflecting your brand.

Content and Copy

Refreshed service and product copy with clear calls to action.

Structure and Search

Navigation, internal links, metadata and sitemaps.

Mobile and Performance

Designed for phones and tablets, fast on every device.

Compliance and Security

UK GDPR privacy, cookie consent and reCAPTCHA protected forms.

Safe Delivery

Built on a test environment, then a planned switchover.

RECENT WORK

Corporate website rebuild for a UK oilfield engineering products manufacturer

A long established manufacturer needed its website modernised. Acqua was engaged under a formal scope of work, rebuilding the WordPress site in Bricks Builder on a dedicated test environment and working directly with the Managing Director and technical lead.

- ✓ Brand consistency and full content refresh
- ✓ Internal linking and site structure
- ✓ GDPR, cookie consent and reCAPTCHA
- ✓ Mobile optimisation and a zero downtime launch

HOW WE WORK

1

Discover

We review your current site with the people who use it and agree what success looks like.

2

Scope

A written engagement letter covering scope, timeline, confidentiality and cost.

3

Build

Delivered on a separate test environment with controlled change requests.

4

Launch and support

A planned go live, a handover to your team and ongoing support.

YOUR TEAM

Matthew Lynas

DIRECTOR · WEB LEAD

Leads Acqua's web design and build work, from scoping through to launch.

Brian Lynas

DIRECTOR

PMP certified programme manager ensuring structured, accountable delivery.

Sports and golf brands

DOTX REPRESENTATIVE

Brand identity, web and startup advisory through our specialist practice.

Is your website *working as hard as you are?*

Tell us about your current site or new project and we will come back with a clear scope, timeline and cost.
