

Experienced advisory. Modern digital delivery.

Acqua Utilities Media Limited is a UK based IT and business consultancy led by a **senior IT programme manager with over 30 years of international experience** across energy and utilities. We help organisations deliver complex programmes, present themselves online with confidence, and **get more from the Microsoft tools they already own.**

- Power Apps to replace paper and spreadsheets
- Power Automate workflows and approvals
- Live Power BI dashboards and reporting

RECENT WORK

Corporate website rebuild for a UK oilfield engineering products manufacturer

A long established manufacturer needed its corporate website modernised. Acqua was engaged under a formal scope of work, rebuilding the WordPress site in Bricks Builder on a dedicated test environment and working directly with the Managing Director and technical lead.

HOW WE WORK

1

Discover

We review your current site or processes with the people who use them.

2

Scope

A written engagement letter covering scope, timeline, confidentiality and cost.

3

Build

Delivered on a separate test environment with controlled change requests.

4

Launch and support

A planned go live, a handover to your team and ongoing support.

YOUR TEAM

Brian Lynas
